VACANCY: ENTRY LEVEL FIRE SUPPRESSION TECHNICIAN

WESTMAN FIRE PROTECTION

Position: Entry Level Fire Suppression Technician

Date posted: 16 June 2026

Location: Brandon, MB

Closing date for applications: The position will remain open until filled

Start date: As soon as possible

About the Role

Westman Fire Protection is expanding its Fire Suppression and Hood Cleaning division and is seeking a **motivated Entry Level Fire Suppression Technician** to join our growing team. This is an excellent opportunity for someone looking to start a career in the fire protection industry.

As part of our team, you will receive hands-on training while assisting with the inspection, installation, maintenance, and servicing of fire suppression systems, fire extinguishers, and kitchen exhaust systems. Working alongside experienced technicians, you will help protect businesses and facilities throughout the Westman region while developing valuable technical skills and industry certifications.

Requirements

- Valid Class 5 driver's license
- Ability to work independently and as part of a team
- Willingness to work evenings, overnights, and occasional weekends
- Strong attention to detail and commitment to safety
- Physically capable of lifting equipment, climbing ladders, and working in a variety of environments
- Comfortable working at heights and in commercial facilities
- Strong communication and customer service skills
- Reliable, punctual, and professional
- Willingness to learn and complete industry training and certifications
- Previous experience in construction, mechanical trades, fire protection, or related industries is considered an asset but not required

Duties

- Assist with inspections, installations, repairs, and maintenance of fire suppression systems
- Assist with the inspection, maintenance, and servicing of fire extinguishers
- Support kitchen suppression system installations and inspections
- Assist with kitchen hood and exhaust system cleaning services
- Travel to customer sites throughout the Westman region
- Complete required documentation and service reports
- Maintain a clean, safe, and professional work environment
- Participate in training and certification programs
- Respond to emergency service calls when required

Compensation and Benefits

- We offer competitive wages and a benefits program. Wages to be discussed based on experience.
- Training and support for the right candidate.
- A dynamic, community-focused workplace.
- Overtime.

How to Apply

- Send your resume to steven@westmanfire.com
- **IMPORTANT!** Please use the following subject line in your email: **#WFP Fire Suppression Tech**
 - *Applications without the correct subject line may not be reviewed.*

We thank all applicants for their interest in joining Westman Fire Protection. **Only candidates selected for an interview will be contacted.** If you do not hear from us within two weeks of submitting your application, please consider your application unsuccessful.

About Westman Fire Protection

[Westman Fire Protection](#) is Westman's only locally owned and operated fire protection business, built by people who live and work in the community we serve. Every member of our team is part of the Westman community, and we take pride in protecting local businesses, families, and facilities while keeping jobs and investment close to home. With over 20 years of industry experience, our certified and reliable team is known for working efficiently, supporting one another, and doing the job right. At Westman Fire Protection, you are more than an employee, you are part of a team that values safety, professionalism, and community, because to us, Westman isn't just where we work, it's family.
